Window Display: Kaye Colbeck

Meet the VP Kathy Culliton

I have been a member of Ceramics West since 2017. I took the Duncan Instructor Certification with Lou Owen and Judy Aiden and I continue to be a member of this group of ceramic enthusiasts. I think my favorite project in ceramics was making my totem pole which turned into 4 totems in my backyard. My least favorite project was when I didn't understand the difference between opaque glazes and translucent glazes and I made the ugliest large Christmas tree with FN Tree Green... yuck. I have loved working with supplies and have learned a lot about glazes and other ceramic supplies that I enjoy teaching others. I am looking forward to serving as your Vice President in 2024.

Meet the Secretary

My name is Sheree Anderson, Secretary of Ceramics West. I majored in Art as a young adult, which has served my professional career well, from owning my own creative business to management in retail.

I feel art, in any form, is an avenue of communication and connections that stimulates our lives. I encourage everyone to explore your innermost creativity, you may just surprise yourself!

Meet the Treasure

I have over 50 years of experience in business management and development. I specialize in business profit and loss statements and reporting loss prevention to business operations. My passion is analyzing procedures and making enhancements or adjustments that support the team environment. I love ceramics and am part of the pouring team.

Ceramics Classes

Kathy Culliton

Classes fill up fast, please ask the OD for help signing up. If you don't know what classes are offered take a look at the shelves in the main room and ask to look in the binder.
